

Menu Guide

Please use the following guide when choosing your menu option for your special day.

For the starting price from each menu please choose one item for each course. For example, Menu A at £31.50 (2012 prices) choose one starter, one main course and one dessert. Your guests will receive this option on the day. A Vegetarian option is provided at no extra charge.

If you wish your guests to have more than one option for the wedding breakfast add £5.00 per choice to the per person total. This would make Menu A £36.50 for a choice of two starters, two main course and two desserts (vegetarian option included as well as other main course options).

For all menus over one choice we will require a pre-order no later than 14 days prior to the event.

All of our suggested menu option prices are located at the back of this pack.
